Overview of Criminal Mandate

- <http://www.txcourts.gov/media/1403644/16-003-order-mandating-statewide-electronic-filing-in-criminal-cases.pdf>
- Effective January 1st, 2018 for Harris County

- Rules -
<http://www.txcourts.gov/media/1438082/179039.pdf>
- **Rule 1.3 Exceptions**
 - The following may not be electronically filed:
 - (1) documents filed under seal or presented to the court in camera; and
 - (2) documents to which access is otherwise restricted by these rules, law, or court order.

- **Rule 2.3 Timely Filing**

- (a) Unless a statute, rule, or court order requires that a document be filed by a certain time of day, a document is considered timely filed if it is electronically filed at any time before midnight (in the court's time zone) on the day of the filing deadline. An electronically filed document is deemed filed when transmitted to the filing party's electronic filing service provider, except:
 - (1) if a document is transmitted on a Saturday, Sunday, or legal holiday, it is deemed filed on the next day that is not a Saturday, Sunday, or legal holiday; and
 - (2) if a document requires a motion and an order allowing its filing, the document is deemed filed on the date the motion is granted.
- (b) If a document is untimely filed due to a technical failure or a system outage, the filing party may seek appropriate relief from the **court**.
- **Comment to Rule 2.3:** This rule addresses when a document is timely filed for purposes of meeting a legal deadline imposed by a statute or a court. A clerk's acceptance of a document on a weekend or legal holiday does not impact whether a document is timely filed under this rule.

- **Rule 2.6 Non-Conforming Documents**

- The clerk may not refuse a document that fails to conform to these rules. But the clerk may identify the error to be corrected and state a deadline for the party to resubmit the document in a conforming format.

- **Comment to Rule 2.6:** The intent of this rule is to establish that a clerk *may not* refuse a document for any perceived violation of these rules. However, the rule permits a clerk the limited authority to identify errors the clerk perceives with whether a filing complies with the Judicial Committee on Information Technology Standards currently in effect...The deadline for correction established by the clerk should permit only a reasonable amount of time to allow for the filing to be conformed to the requirements of these rules, and, in general, the deadline should not exceed 72 hours.
