

FOCAS

A Partnership of Harris County District Clerk, Family District Courts, Domestic Relations Office, and the Texas Attorney General.

“Focus On Collection And Services”

The goal of the Harris County District Clerk and its partners is enhancing the collection of child support and improving life for children in separated or divorced families through the FOCAS program.

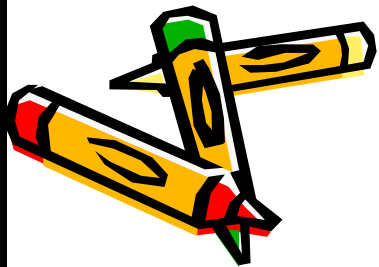

The program monitors and enforces child support utilizing various enforcement tools to ensure continued support for the children.

FOCAS also offers assistance with enrolling children in health insurance plans; provides child support reviews; and collects child support through income withholding, tax intercept, contempt and other methods.

The following slides will provide more information about the benefits of this outstanding program.

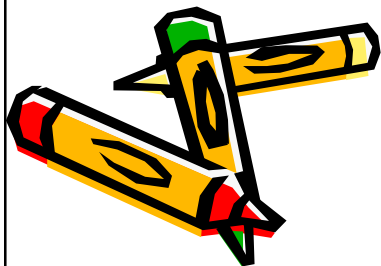

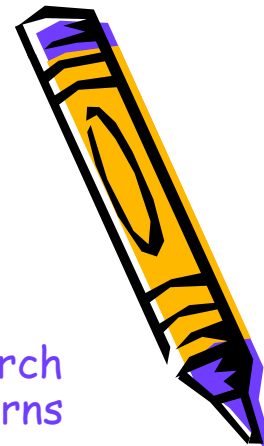

FOCAS Benefits for CP

- We provide customer service regarding case status, payment research requests, and many other general child support questions and concerns
- A Wage Withholding Writ is sent to the employer on all cases in which the court order contains wage withholding verbiage and provides obligor's employer information
- Review and modify child support orders when a substantial change occurs such as a dependant coming of age or increase/decrease in NCP's wages earned
- Enforcement of child and medical support orders when system updates with an arrears amount
- Various methods can be used to collect on child support arrears such as IRS intercepts, Lotto Intercepts, etc.
- Utilize various resources to locate non-custodial parent
